New York, NY
August 2020

Webster University

Bachelor of Music: Jazz Studies

Saint Louis, MO
2009

TECHNICAL SKILLS

JavaScript, Vue, React, Redux, Inertia, PHP, Laravel, Ruby, Ruby on Rails, WordPress, Tailwind, Histoire, Dusk, Sentry, SCSS, CSS, HTML, SQL, JSON, RESTful Routing, GitHub, Jira, Confluence, Adobe, Zoom, G Suite, Figma, Slack.

TECHNICAL PROJECTS

The Shoppies – [\[GitHub\]](#) | [\[Live Site\]](#)

SPA that allows a user to search for and save their favorite films they feel should be up for award nomination.

- Used ReactJS and Bootstrap to create interactive and responsive front end.
- Communicated with OMDb API to fetch movies based on input search.
- Implemented React Hooks to manage state and localStorage to store user's nomination list.

Biergarten - [\[GitHub FrontEnd\]](#) | [\[GitHub BackEnd\]](#) | [\[Demo\]](#)

Social media style beer passport for beer enthusiasts to log and track beverages.

- Modeled custom database schema and REST API with Active Record, Postgres, and Ruby on Rails.
- Executed self-referential table to allow followers/following.
- Utilized JSON Web Tokens and localStorage to store encrypted user information client-side.

The Divebar - [\[GitHub FrontEnd\]](#) | [\[GitHub BackEnd\]](#) | [\[Demo\]](#)

Platform for viewing, reviewing, rating, and creating cocktails of three ingredients or less.

- Built Rails API and database for retrieving, posting, and editing cocktails.
- Manipulated the DOM using JavaScript to update page content.

Purrever Home - [\[Github\]](#) | [\[Demo\]](#)

Cat adoption site, built with Ruby on Rails, bringing awareness to cats available for adoption and their adoption centers.

- Utilized MVC Framework to achieve application workflow.
- Created user sessions to unlock permissions based on user role.

EXPERIENCE

SwingU

Full Stack Web Developer

Hartford, CT
February 2021 - April 2025

- Collaborated effectively with stakeholders across different departments to ensure the successful delivery of new software features and bug fixes.
- Managed time effectively working autonomously in the remote environment to complete tasks within set timescales.
- Utilized the Agile methodology and manage work items in Jira to develop iteratively and productively.

Freelance Musician

Drum Set

New York, NY
April 2013 - Present

- Perform at events and venues across the New York City Metropolitan and Tri-State Area.
- Record, produce, and release original music with the group, Astrokeys (funk organ trio).
- Schedule and maintain gig calendar, records, and bookkeeping.

Apple, Inc.

Operations Specialist

Brooklyn, NY
April 2019 - June 2020

- Fulfilled customer and specialist requests and orders for items and restocked the floor.
- Performed morning cycle and high theft counts and audited item inventory.

Brooklyn Slate Company

Operations Associate

Brooklyn, NY
September 2015 - October 2018

- Fulfilled all online orders by managing Shopify and all drop ship account portals.
- Oversaw seasonal and engraving staff to ensure deadlines of large production orders were met in a timely fashion.
